Lending Library

The joint BIGGA and EIGCA Lending Library is available to all BIGGA and EIGCA members. Members can borrow up to two books at a time for six weeks. We have over 2500 books available to borrow from Architecture to Turf Management to Self Help.

Books are sent by recorded delivery or tracked courier and the only cost to you is returning the books by the same method.

Books being sent overseas may not be tracked depending on the service availability.

Please note, if you do not return your book or it is lost in transit and wasn't sent back with proof of postage, we reserve the right to charge you for the cost of the book plus a £30 administration fee.

BIGGA members - if you are looking for a book that we don't have, email deb@bigga.co.uk and we will see if we can source it

Behind every golf hole lies an influence on every golfer's game that few golfers ever contemplate: the course architect. Why a hole dog-legs left and not right, why bunkers end up where they are, the length of a hole, the view from the tee - all these factors and many more are the result of choices made by the golf architect to challenge, and sometimes intimidate, any golfer's game. Tom Doak, one of America's youngest and most successful golf architects, here discusses his craft and explains the strategies behind a golf architect's decisions. Knowing why a course a course is laid out is critical to how the course should be played. Knowledgeable golfers and beginners alike will find "The Anatomy of a Golf Course" fascinating - and stroke-saving - reading. "Tom Doak is a brilliant and innovative course architect who has created courses which excite the imagination and reveal his mastery of the art. Every golfer, from scratch to 36, will benefit from reading this book." - Joseph S.F. Murdoch, President, Golf Collector's Society.
